When we are out of reality we become Satan

When we are not aware of divine in us we try to express ourselves.

Our actions are oriented towards selfish, greed, indifferences.

We try to defend every action we do, we forget to feel sorry for others and compassion and empathy, harmony, service, sacrifice these divine qualities will be foreign to us.

We try to dominate others with our greatness instead of expressing His greatness.

If we are not true to ourselves we will be living in false only nothing but acquiring grossness.

If we are out of reality, we behave like Satan.
